KEY RATIO ANALYSIS VIRTUAL SEMINAR

FEBRUARY 3, 2022

Ratios, ratios, and more ratios! What do they really mean? Many financial professionals including bankers use financial ratios on a regular basis. But do they always use the same ratios and more importantly, do they always interpret the ratios in the same manner?

Attend this proactive seminar and learn a five-step analysis plan to calculate the key ratios covering liquidity, activity, leverage, operating performance, and cash flow analysis and correctly interpret the financial condition of the business client. Upon completion of this seminar, the bank employee will also be able to better negotiate with their business clients as well as other financial professionals.

The session will also include a review of spreading a financial statement using Moody's software in order to better analyze the key ratios. This section will also include the bankruptcy (Z-score) predictor and sustainable growth models.

Two case analyses will be presented to illustrate the main concepts associated with key ratio analysis.

MAJOR TOPICS INCLUDE:

- Utilize a five-step ratio analysis plan to calculate/interpret the key ratios
- Discuss negotiating with other financial professionals using the ratios
- Review the Z-score and sustainable growth models
- Case analyses: Applying the concepts!

PLEASE HAVE A CALCULATOR OR EXCEL FOR USE IN THE SEMINAR.

About the Instructor

David L. Osburn, MBA, CCRA, is the founder of Osburn & Associates, LLC, a Business Training and Contract CFO Firm. His extensive professional background of over 30 years includes work as a Business Trainer/ Contract CFO and work as a bank commercial lender including the position of Vice President/Senior Banking Officer.
